Products and Production

⊕ *Equipment*

⊕ *Product line A*

⊕ *Product line B*

⊕ *Expanded business*

Solder paste dispensing system

Automatic holographic dispensing system

SPI machine

3D machine vision solder paste detector

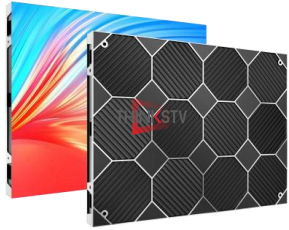

SMT machine

10 sets of YAMAHA SMT machines

Reflow soldering system

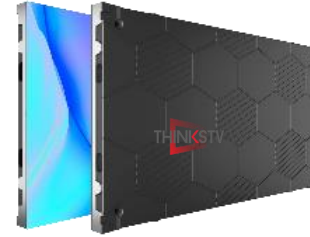

12-zone reflow soldering process to enhance precise heating and cooling operation

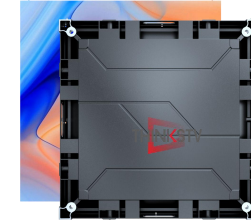

K Series
640*480*48mm

T Series
600*337.5*52mm

N Series
600*360*30mm

S Series
480*480*52mm

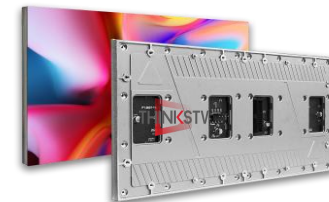

V Series
400*450*62mm

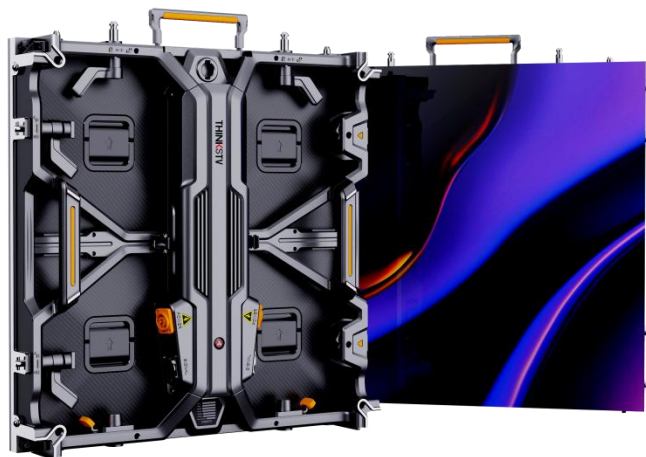

H Series
400*300*62mm

COB Series
600*337.5*30mm

i Series
320*160mm

Rental & Staging

Indoor: P1.95 P2.6 P2.9 P3.9

Outdoor: P2.9 P3.9 P4.8

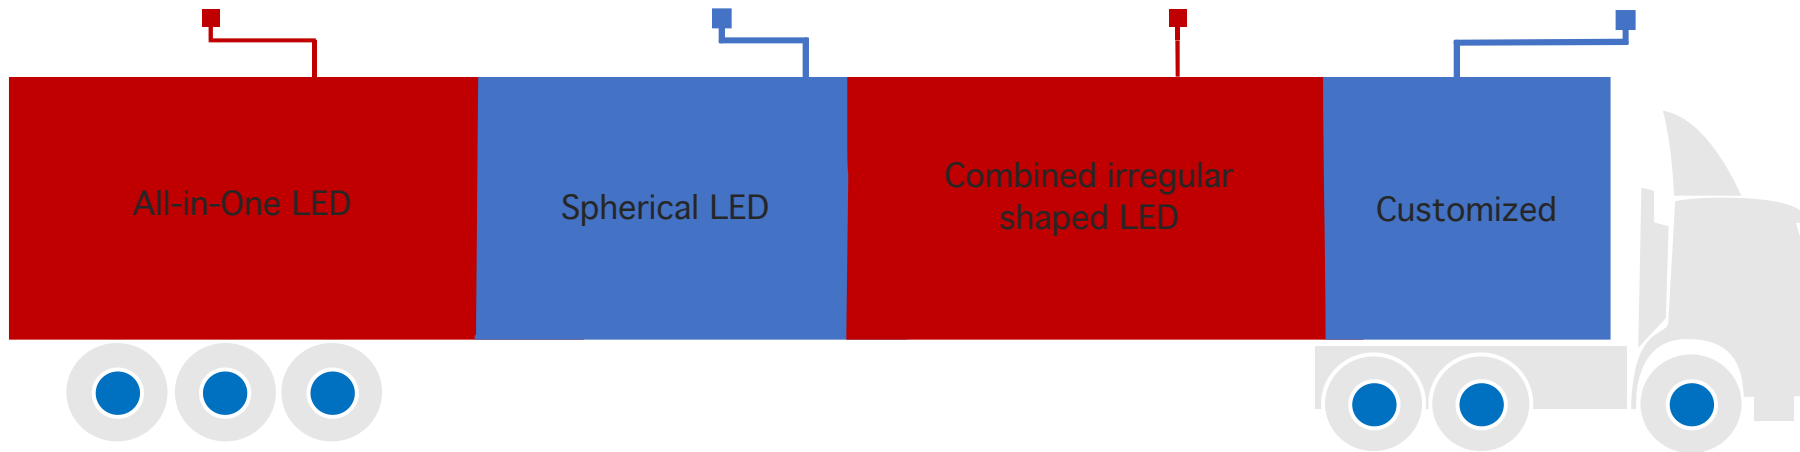

Additional: XR1.95 XR2.6

OOH Advertising

Landmark: Naked-eye 3D
Advertising: Digital advertising

All-in-One LED: 110in 136in 165in
Customized LED: Any shape, any size

Why Choose Us

- ⊕ *Patents*
- ⊕ *Certificates & Qualifications*
- ⊕ *Supply Chain Management*
- ⊕ *Services*

Patent for design of all-aluminum base of fine pixel pitch modules

Patent for LED screen support structure

Patent of various shapes of LED screens

Total: Over 200 Patents

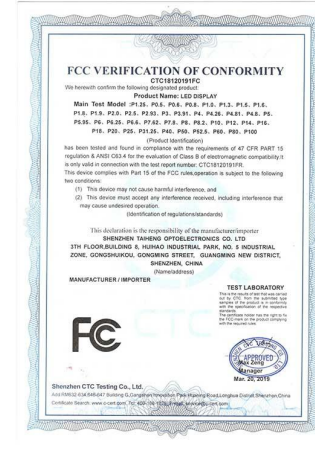

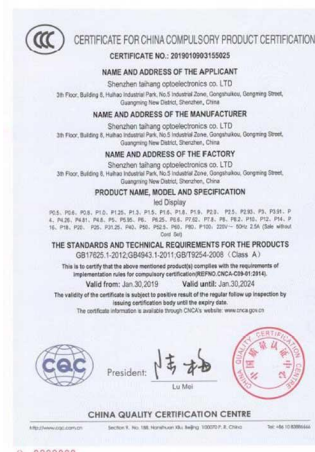

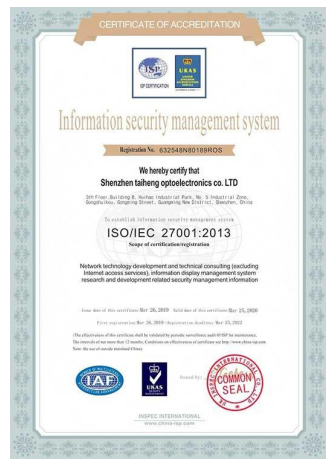

A ISO9001

- Certificate of Enterprise IP management system
- After sales service management system certification

B Qualifications

- CQC certification
- CNAS certification

A SRM supply chain management System

- The company adopts an SRM management system – to achieve full lifecycle supplier management, with interconnectivity between the procurement and supply sides, real-time transparency of data, and the establishment of a high degree of mutual trust; Reduce procurement costs

B Strategic cooperation with core suppliers

- Nation Star Strategic Partner
- nova Star Strategic Partner
- Taiwan Mean Well Power Strategic Partner

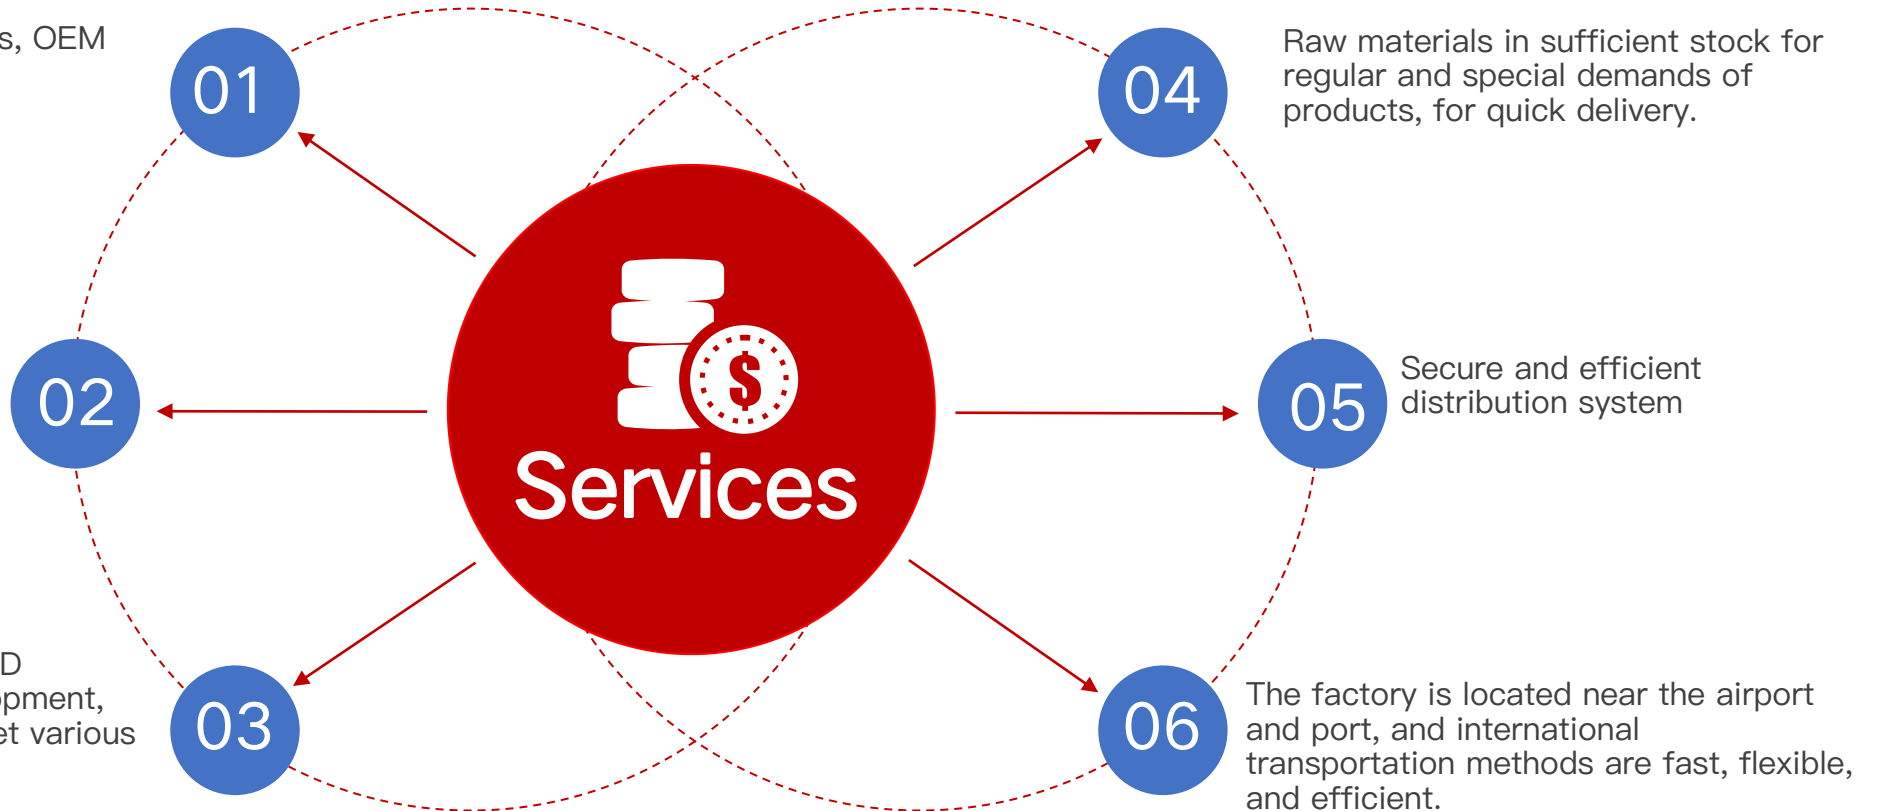

01 Accept neutral product orders, OEM products (both products and packaging can be labeled)

02 Assist with certificate application and derivative certification, and also campaign for bidding.

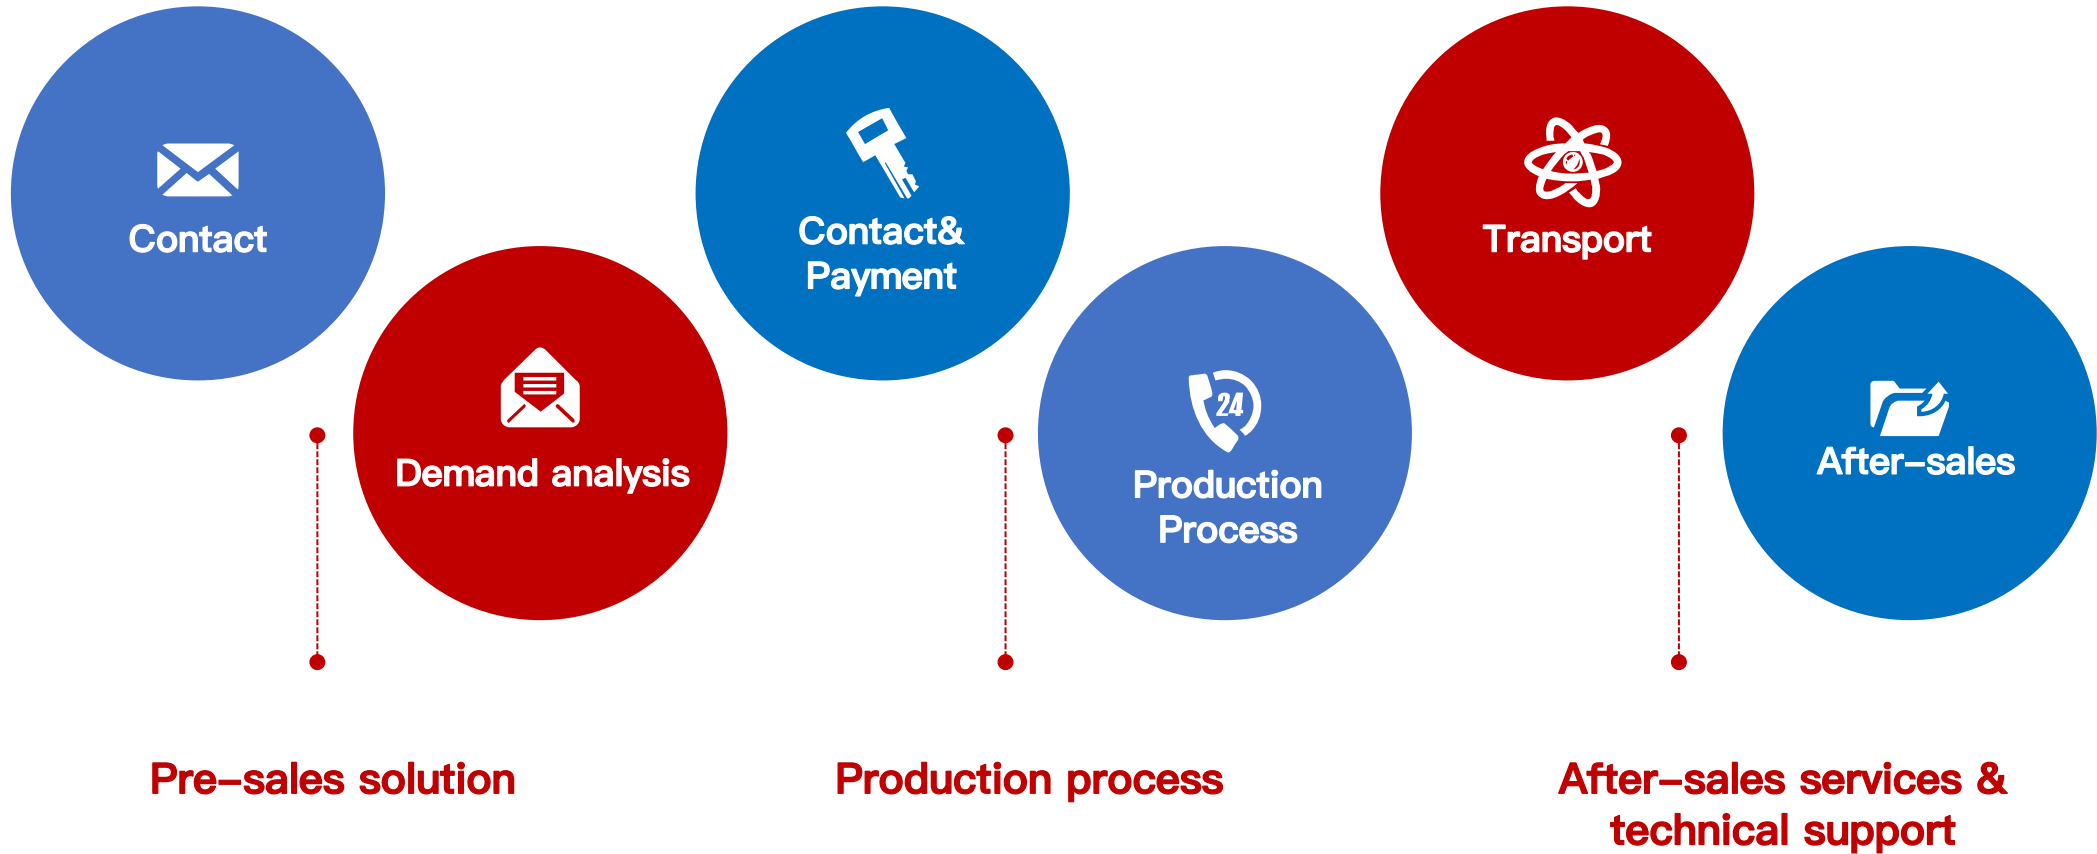

03 One-stop service to offer LED solutions from design, development, production, and sales, to meet various demands.

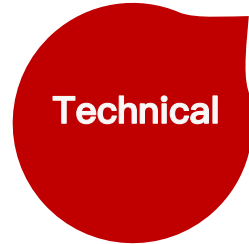

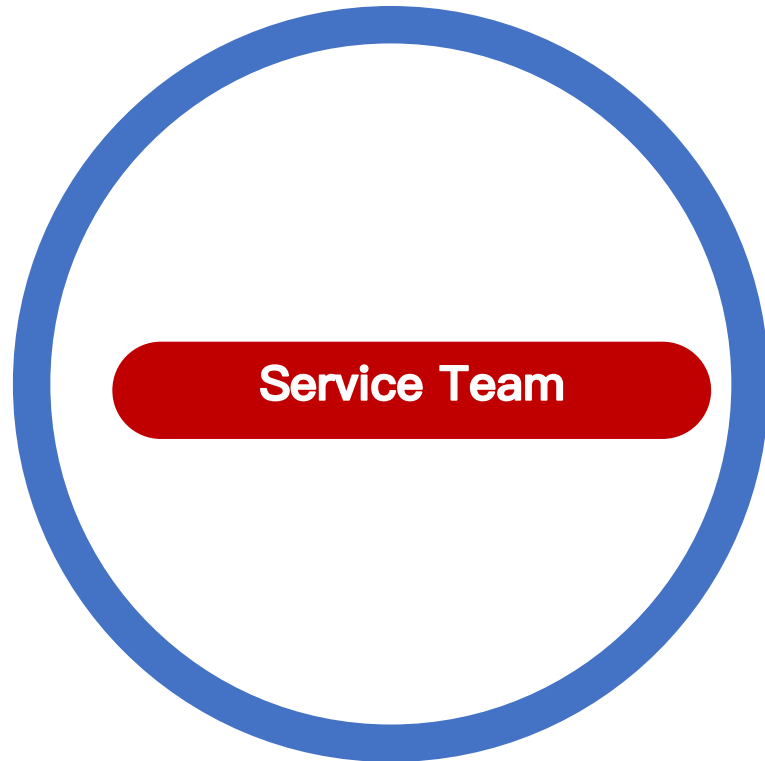

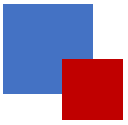

04 Raw materials in sufficient stock for regular and special demands of products, for quick delivery.

05 Secure and efficient distribution system

06 The factory is located near the airport and port, and international transportation methods are fast, flexible, and efficient.

Technical support readily from 10 experts, 5 product managers, 5 engineers.

15 sales engineers at service to assist you to explore more market.

More than 10 after-sales engineers to safeguard your course
